

Chromebook Sign-In/Wireless Connection Instructions:

- Turn on your Chromebook, and look for the Wi-Fi icon in the bottom right corner of the screen.
- Click on that icon and click where it says “No network”. This opens a new window that allows you to choose your home wi-fi network.

- Click on the name of your home Wi-Fi. It will ask you to enter the password.

Share this network with other users

- Sometimes there is a big window in the center of the screen telling you “Network not available”. Instead of clicking on the Wi-Fi icon in the bottom corner, you can use that big window to choose your Wi-Fi network. Click the down triangle (▼) to choose your home Wi-Fi. Click on the name of the Wi-Fi network, and it will ask you to type in the password.

- Once you have connected to your Wireless network you will be able to login. You will login the same way to you did when you were using the computers at school all year.

- Enter your username (graduation year, fist initial, last name ex; 24JDoe), you will not need to type @berwicksd.org—that is already filled in for you.

- After typing in your username it will ask you to enter your password. Passwords are set to the students id number

- If you have problems with your Chromebook you can enter a helpdesk ticket at helpdesk.berwicksd.org and your problem will be addressed.
