November, 2022

Dear Parent(s)/Guardian(s):

In the instance of inclement weather, the Berwick Area School District has been approved to use five (5) Flexible Instructional Days (FID). A “FID” day will be announced in the same manner that a Snow Day is announced; via local media outlets and the school website.

Should a “FID” day be announced by the school district, teachers and students will work remotely. All students are expected to attend all classes at their regular scheduled time for attendance purposes. Teachers will either provide live remote instruction and/or post assignments to be completed in their Google classrooms. Any student without internet access will be provided an alternate assignment.

Thank you,

BHS Administrative Team
